Dear friends and customers,

I am pleased to present my new catalogue. Most of my book stock contains many rare and seldom offered items. I hope you will find something of interest in this catalogue, otherwise I am in the position to search any book you find difficult to obtain. Please send me your want list. I am always interested in buying books, journals or even whole libraries on all fields of science (zoology, botany, geology, medicine, archaeology, physics etc.). Please offer me your duplicates.

Terms of sale and delivery:

We accept orders by mail, telephone or e-mail. All items are offered subject to prior sale. Please do not forget to mention the unique item number when ordering books. Prices are in Euro. Postage, handling and bank costs are charged extra. Books are sent by surface mail (unless we are instructed otherwise) upon receipt of payment. Confirmed orders are reserved for 30 days. If payment is not received within that period, we are in liberty to sell those items to other customers. Return policy: Books may be returned within 14 days, provided we are notified in advance and that the books are well packed and still in good condition.

Postcard from Jacques Millot to Prof. A. Ricardo Jorge (Lisbon); Handwritten postcard depicting Banyuls-sur-Mer, dated 21 April (1959?). Millot writes: "back in France I want to inform you of the pleasure I had to make your acquaintance and to thank you for your hospitality in Lisbon. And I hope to see you again in Paris next October. Mr. Fage who is with me here begs to give his best regards".

Jacques Millot (1897-1980) was a French arachnologist and ethnologist attached to the Paris National Museum. He wrote systematic reviews of various spider families like: Sicariidae, Pholcidae, Thomisidae and Salticidae.

He also took charge of a project to locate the coelacanth in waters surrounding the Comoros archipelago. In 1953, a coelacanth was caught in waters of the island of Anjouan (third discovered specimen overall). The next year 5 more specimens were captured. In 1958 he published a treatise on the anatomy of the coelacanth, titled Anatomie de Latimeria chalumnae.
